

## **Directions to Fremont Town Forests**

### **Oakridge Town Forest**

Take Beede Hill Road to Poplin Drive. Poplin Drive is just south of the Fremont Post Office and on the same side of the road. Turn onto Poplin Drive. As you come to the end of Poplin Drive, Poplin Drive intersects Meetinghouse Road. Turn left onto the gravel/dirt continuation of Meetinghouse Road. Keep to the left on the dirt road and proceed past the privately owned open area on the right to the newly constructed parking lot. The parking area is located about 737 feet from the Meetinghouse Road entrance. It's on the left, just past the sign marking the beginning of the Town owned area. Please do not park on the privately owned lot on the right as you proceed down the dirt continuation of Meetinghouse Road.

You can also access Oak Ridge from the North by driving to the end of the maintained section of Tavern Road. Fifty ft further there is a grassy parking area on the right. As you walk down Tavern Rd, which has wet spots much of the year, All of the land on the West side of the road is part of the Oak Ridge Town Forest, until you reach the kiosk and the South parking area.

### **Glen Oakes Town Forest**

Take route 107 to Copp Drive, located on the north side of route 107. The entrance to Copp Drive is marked by a sign titled "Evergreen Estates." Proceed about one mile on Copp Drive to Andreski Drive which will be on the left. Turn left onto Andreski Drive. The Glen Oakes parking lot is located at the end of Andreski Drive, and there is ample parking in the dirt area ahead of you.

*The Fremont Conservation Commission would like to thank the Fremont Boy Scouts and the Fremont citizens who helped make these areas accessible by constructing the parking lot at Oakridge, designing and building the informational kiosks at both locations, and for the trail construction, mapping and marking that has been accomplished to date.*
